Ob da was dran ist?

A secret Bible in which Jesus is believed to predict the coming of the Prophet Muhammad to Earth has sparked serious interest from the Vatican.

Pope Benedict XVI is claimed to want to see the 1,500-year-old book, which many say is the Gospel of Barnabas, that has been hidden by the Turkish state for the last 12 years.

The £14million handwritten gold lettered tome, penned in Jesus' native Aramaic language, is said to contain his early teachings and a prediction of the Prophet's coming.

The leather-bound text, written on animal hide, was discovered by Turkish police during an anti-smuggling operation in 2000.

It was closely guarded until 2010, when it was finally handed over to the Ankara Ethnography Museum, and will soon be put back on public display following a minor restoration.

A photocopy of a single page from the handwritten ancient manuscript is thought to be worth £1.5million.
